The Sydney Consort will present a special organ recital by the young and talented organist from Poland – Mr. Gedymin Grubba.

It will be a fantastic opportunity to experience the sound and quality of the heritage pipe organ Hill & Son from 1886. This great organ instrument of St Augustine's was previously installed in the concert hall in Pitt Street. The instrument came to St Augustine's in 1912 and was reconditioned by Arthur Jones in 1966.

In the programme, works by Dietrich Buxtehude, Alexandre Guilmant and Frederic Chopin in transcription of Gedymin Grubba.

Tickets: \$15/\$10
